A RICH GOLD FIND REPORTED NEAR LUNING

TWO PROSPECTORS MAKE FABULOUS DISCOVERY

Immense Ledges of Ore Assaying as High as Two Thousand Dollars Per Ton Found in New Section of Esmeralda County

Special to The Journal

LUNING, Esmeralda County, Jan. 28.—Within the last few days a rich and important strike has been made about two and one half miles southeast of Pactolus and about fifty miles northwest of Tonopah, and but a few miles southeast of here on the Luning and Berlin stage road.

The fortunate parties are Messrs. Clark and Fry, two prospectors. The strike is an immense as well as a rich one. At present the lucky men have several ledges exposed, averaging from four to six feet in width carrying values running all the way from \$100 to \$2,000 per ton. This big find was made in the low porphyry hills, surrounded by lava and extending for a considerable distance.

A number of claims have been located on the rich find and several prospectors are now in the district, which shows all indications that the mineral belt is continuous between Tonopah and Pactolus.

Pension Bills in the House
WASHINGTON, D. C., Jan. 28.—In a session of less than two hours today the House passed 373 Pension bills and received the calendar on naval and diplomatic appropriation bills. The session was devoted to legislation and was entirely devoid of discussion.

Another Wreck on C. & C.
A report was received late last night that two wrecks occurred on the Carson & Colorado yesterday. An engine and one car left the rails near Summit, causing considerable delay, but luckily no one was injured.

CALIFORNIA AT THE PORTLAND EXPOSITION

SACRAMENTO, Cal., Jan. 28.—Governor Pardee announces that arrangements are under way for the proper representation of the State of California at the Lewis & Clark Exposition in Portland this year. Efforts are being put forth to get things in shape at as early a date as possible.

Plans are being drawn for the proposed California building, which will be in the shape of a Grecian cross. Each of the four fronts will be a replica of a famous Mission of this State during the early history of California. The St. Louis exhibits from this State are being repacked and wherever necessary are renewed and will soon be sent to Portland, where they will again be placed on view.

This work is carried on by Messrs. Higgins and Fitcher, who are acting under the authority of their St. Louis commissions. The Governor intimates that in all likelihood they will be reappointed to represent the State of California at Portland. At a recent meeting of the Sacramento Valley association it was unanimously resolved that the Sacramento Valley make a special exhibit.

If the reports of the big strike in the southern portion of the State, which were received here yesterday prove as large as reported, the entire desert country to the south has proven to be a vast mineral belt. Prospecting parties have been in that section for some time, and several good strikes have been made but yesterday's report is the most favorable yet.

A RICH HAUL IS MADE BY BANK ROBBERS

Blow Open a Safe in Indian Territory in Daylight and Escape With \$13,000—Two Corpses add Mystery to Crime

SOUTH M'ALLESTER, I. T., Jan. 28.—The Farmers and Merchants Bank at Canadian, nineteen miles north of this city, was looted early today. The safe was blown open and \$13,000 in cash was taken.

Some hours later two unknown men were found dead alongside the railroad track near Canadian. They had been shot and thrown from a train. No identification marks were found.

Tell of Woman's Murder
BEDFORD, Ind., Jan. 28.—Elmer Browning's divorced wife, known as "Dude" Cook, again took the stand today in the hearing of Browning and Frank Evans, charged with the murder of Miss Sarah Schaffer. She said that Browning had told her that Evans stood guard on the sidewalk and Browning stood at the alley waiting for Mrs. Schaffer. They wanted to get a letter she had. Browning told her she attacked Mrs. Schaffer with two rocks and as she fell Evans caught and dragged the woman to the shed. In ten minutes, as Browning told the witnesses, Evans came out. They went to Browning's house and left the bloody clothing Evans wore.

Later they gave them to the witnesses to burn. The Cook woman said Lon Evans, a brother of the accused, offered her \$250 to leave the State.

Death of Auburn Citizen
AUBURN, Cal., Jan. 28.—Ocellan C. Buckbee, a well known mining man of San Francisco and superintendent of the Gaylor mine near here, died this afternoon after a short illness of pneumonia. His family was summoned and was at his bedside when he passed away.

RUSSIANS HEAD FOR AMERICA

WASHINGTON, D. C., Jan. 28.—The immense, almost startling increase in immigration, is shown by figures for the month of December, which have been compiled by Commissioner of Immigration Sargent. The increase from Russia is considered especially significant.

In December 1902 the number of immigrants arriving from Russia was 10,184; in December, 1904, 15,992. Immigration from Austria in December shows an increase of 12,739 over that of December, 1903, aggregating 23,433. From the whole of Europe immigration last December was 58,926, an increase of 17,558 over December of a year ago.

CARSON CITY, Jan. 28.—Weather for tomorrow: Fair and warm.

CASSIE CHADWICK'S VICTIM IS DYING

OBERLIN, O., Jan. 28.—President Beckwith, of the defunct Citizens' National Bank, was reported today to be in a very serious condition. Beckwith has been ill with heart trouble ever since the close of the bank and has gradually grown weaker.

It is believed by his physicians that he will not live to be tried on the charges against him in the United States District Court.

O. R. C. Biennial Session
The Order of Railway Conductors will hold its biennial session at the Lewis and Clark Exposition at May 29th.

LINDERMAN JURY CANNOT REACH VERDICT

Though Out Nearly Two Days the Twelve Men With Accused Murderer's Fate in Their Hands Are Far from an Agreement

The jury in the Linderman murder case has been out for two nights and nearly two days and still it has not reached a verdict. The jurors sent word to Judge Currier yesterday afternoon, so it is stated, that they could not agree, but the Judge told them that they must remain in the jury room a little longer. The jury then resumed its deliberations and in all probability has failed to arrive at a verdict.

Linderman, the accused man, is happy, and says that it either means he will be acquitted or that the jury will disagree and he will gain a new trial. In the latter case his life will be prolonged for several months and eventually he may escape the hangman's noose altogether. All who heard the evidence of the State say that the man is as guilty as the other three men and are and say that the confession alone ought to convict Linderman. They also say that without a doubt there is only one man hanging the jury, and that he is probably holding back from a verdict of guilty on account of religious or conscientious scruples.

There is still considerable speculation as to the cause of the disagreement. Those who heard the evidence state that the prosecution presented even a stronger case than in the trial of Gorman, Roberts and Sevens. Attorneys argue that the defense put up by Linderman's attorneys, Messrs. Harrison, Hummel and Packard, and much to do with it.

In the confession of Linderman, it is figured the jury is not a unit. The defense made a strong point of the fact that if the jury accepted the confession it must do so in its entirety; that is, the points in favor of the defendant as well as those against him must be given equal weight. In this event it is probable the confession instead of helping to convict the prisoner will result in either saving his neck or giving him another trial.

STILL SELECTING A JURY FOR WEBER

AUBURN, Cal., Jan. 28.—The work of selecting a juror in the Weber case is still unfinished. When court adjourned this afternoon not more than half the box was filled. Both sides still have several challenges and now it seems probable a new venire will be required.

Weber, who is being tried for the murder of his mother, does not seem to mind hearing one taleman after another express himself as believing the prisoner guilty of the crime. The defendant evidently takes much interest in the proceedings and frequently consults with his attorneys. It will probably be Wednesday before the presentation of evidence will begin.

Will be Buried Today
The funeral of Mrs. Brundidge will take place from Trinity Episcopal church at 2 o'clock today. Rev. Unsworth will officiate and the ladies of the Maccabees will act as an escort. Deceased being a member of that order. Mrs. Brundidge and W. C. Hilderbrand were not relatives. They were simply partners in business.

EIGHT CARS GO IN DITCH NEAR MOUND HOUSE

Wreck on the Carson & Colorado Delays Many Passengers From the Gold Camps in the Southern Country

Eight cars of a work train on the Carson & Colorado railroad left the track at a point sixteen miles from Mound House yesterday morning. The cars were piled across the track in a tangled mass of wreckage and although wrecking crews began work clearing the rails of debris almost immediately, no trains were able to pass until a late hour last night. On account of the wreck the C. & C. trains were not able to meet the V. & T. and no trains arrived in Reno from the south until after 12 o'clock. No one was injured in the wreck.

WORKING HAND IN HAND WITH ROUVIER

Reorganized French Cabinet Begins Work Under Favorable Circumstances, Supported by Large Majority in Chamber

PARIS, Jan. 28.—The Rouvier cabinet begun work today under the most favorable circumstances. Its overwhelming majority of 393 in the Chamber of Deputies last night was almost without a precedent, in marked contrast with the majority of about forty on which the Combes cabinet struggled along for the last two years.

The placing of the income tax in the Senate before the debate on the proposed separation of church and state gives for animosities to cool.

Thereafter it is expected M. Rouvier will carry out the separation to which he pledged the ministry. The new minister of public worship, M. Benevise Martin belongs to one of the socialist groups strongly favorable to separation.

He says he accepted the portfolio, so that it would not go to some reactionary less anxious to carry out the policy of the separation.

Engineer Freezes to Death
PHILADELPHIA, Pa., Jan. 28.—Wm. Wise, aged 52 years, an engineer on the Pennsylvania railroad, is dead from exposure during the storm of last Wednesday night.

Edward Lapp, of Berwyn, Pa., his fireman, is missing and is believed to have been frozen to death.

Wise, on Wednesday night brought a train from Harrisburg to this place. At Bradford Hills his train collided with a snow plow. Fireman Lapp went back to flag the train following and nothing has since been heard of him. When Wise reached the Philadelphia station he was ill and went to the hospital where he died.

V. & T. Delayed by Wreck
As a result of the wrecks on the Carson & Colorado railroad yesterday the Virginia & Truckee passenger train did not arrive in Reno until after 1 o'clock this morning.

KURZEFF CHARGED WITH FIRING SHELL

ST. PETERSBURG, Jan. 28.—Formal charges of negligence and inattention to duty have been preferred against Sub Lieutenant Kurzeff, who had immediate charge of the gun from which a shell was fired January 19th, during the ceremony of blessing the waters, which was attended by the Emperor Nicholas.

The official view is that the accident was the result of carelessness in leaving the charge of grape in the gun after practice, which had occurred two days previously.

Big Cattle Shipment
Forty carloads of cattle from the eastern portion of Nevada were received in Reno last evening and unloaded at Parry's feed yards. The cattle are consigned to James Humphrey of Reno.

Shipping Cattle to Frisco.
Ira D. Wines, one of Nevada's largest cattle owners, is in Reno from the eastern part of the state. He is shipping several carloads of cattle to the California market, and is stopping in Reno while the cattle are resting here.

RUSSIANS ARE DRIVING BACK THE JAPANESE

WITH a fierce snow storm raging and the cold as bitter only as it is possible during a Manchurian winter, the armies of Oyama and Kuropatkin are now fighting, the brown men steadily facing the deadly fire but slowly retreating against the determined attack of the Russians. The battle is likely to prove one of the most decisive of the campaign.

CHINAMEN ENGAGE IN A FATAL FIGHT

Lum Sup Kee of Hawthorne Murdered by Sing, Who Quarreled With Him Regarding Money Matters. Murderer Now in Jail

One Chinaman lies dead and one is in jail as the result of a murderous fight in Hawthorne yesterday afternoon.

Lum Sup Lee, a storekeeper of Hawthorne, it appears, owed a Chinaman named Sing some money. Sing demanded a settlement when an argument ensued. Sing drew a knife and began slashing Lum, continuing the work until his victim was slashed in a frightful manner about the body, neck and face. His injuries were such that he died soon afterward. It is understood the murderer has been captured and is now in jail at Hawthorne.

Fought for His Mother
NEW YORK, Jan. 28.—In the Bowery today while attempting to protect his mother from the insults of a man who had accosted her on the street, nineteen-year-old Richard Lewis was stabbed and dangerously wounded.

John McKee, who went to Lewis' assistance, also was stabbed twice in the side, but his injuries are not serious.

Both of the injured men and Mrs. Howard, Lewis' mother, have identified as the assailant a man now under arrest and declared himself to the police as Michael Tokmee, a laborer, 26 years old.

WOMAN BEATER IN JAIL

W. J. Coover, who has been living off the earnings of a woman of the half world, thought he was not being supplied with enough spending money last night and began to administer a thrashing to the helpless creature who is throwing her life away to support him.

Fortunately for the woman Officer Elder happened to be near by and promptly responded to her calls for help. Hardened as he is to dealing with criminals of the lowest type, Officer Elder was visibly disgusted with the unprincipled wretch. In the presence of a man Coover cowed and meekly submitted to arrest. He was placed in the city jail by Mr. Elder and in all probability will be called upon to plead to charges of battery and vagrancy before Judge Nash tomorrow.

RUSSIAN STRIKE IS SPREADING TO POLAND

ST. PETERSBURG, Jan. 28.—The most serious feature of the strike situation is its continuous extension in the Baltic provinces. Strikers are cutting telegraph wires and interrupting all communications.

Fears are expressed of most serious disorders, especially throughout Poland.

On Duty Once More
After a tussle lasting several days with a severe attack of grippe, Frank Jenkins, in charge of the Barrel House is on duty once more. Mr. Jenkins has entirely recovered from his illness.

BOTH ARMIES ARE STRUGGLING FOR SUPREMACY

Kuropatkin's Forces Fighting in the Wind and Snow Forcing Oyama Steadily Back Before the Deadly Fire

By Associated Press
MUKDEN, VIA TIENTSIN, Jan. 28.—The most important cannonade since the first battle on the Shasha river was maintained all yesterday in a continuous snowstorm against the Japanese left, which Field Marshal Oyama has been reinforcing with troops from Port Arthur since General Mischenko's raid.

The attack centered about seven miles west of Shasha station and resulted in the Japanese withdrawal from Holoanti and Funchung Chiatu, which the Russians have occupied.

Cannonading and the snowstorm continues undiminished today. It is also considerably colder.

The cannonading indicates that an extended contest is progressing in a driving wind of snow which favors the Russians, thus offsetting the advantage the Japanese had last October when the sun shown in the Russian's eyes.

Today's reports indicate that the Japanese are continuing to fall back while the Russian cavalry have, it is understood, advanced their lines ten miles.

The Japanese yesterday flew a large kite into the Russian lines. The kite was covered with photographs showing the treatment of Russian prisoners in the Japanese prisons. It was evidently intended to attract the Russian soldiers.

On January 27th there was heavy cannonading on the right flank. It subsided entirely shortly after noon, and quiet now continues throughout the center and right.

STUBBS MAY RESIGN AS TRAFFIC MANAGER

DENVER, Jan. 28.—It is rumored in this city, the story coming from a high railroad official, that J. C. Stubbs will resign as traffic director of the Harriman system, the action being at the request of the management of that system. While nothing definite can be found regarding the reasons, it is stated that certain traffic matters affecting Texas lines and the gateway controlled by the Harriman lines have brought about a condition of chaos in the traffic department which will be hard to untangle.

A special from Salt Lake City in regard to the Denver Dispatch says:

Nothing is known of this rather startling piece of news in this city, but it is possible that the Ogden gateway matter, which is the cause of Gould's antagonism and his decision to build the Western Pacific, said by railroad men to be an unnecessary bit of construction, has been one of the reasons for the disagreement in the traffic department. Mr. Bancroft and Mr. Schumacher, both being out of town last night, could not be seen and no other railroad man, either on the Short Line or Rio Grande, would say anything beyond that it was evidently a mistake.

Senate Eulogizes Hoar
WASHINGTON, D. C., Jan. 28.—Eulogies upon the character of the late Senator Hoar of Massachusetts, held the attention of the Senate today. There were sixteen speeches by many Senators, including Senator Hoar's colleague, Mr. Lodge, and his successor, Mr. Crane. After the conclusion of the memorial services the Senate adjourned out of respect to the dead Senator's memory.

THE only thing wrong with the Dodge substitute for the Coryell resolution is that it is about a week too late.

DOUBTLESS President Roosevelt is now beginning to realize what it means to be out of harmony with his party.

WITH such a man as Neidlinghaus the brewer an aspirant for the place of Francis Marion Cockrell, wonder if Missouri isn't sorry she went Republican.

THE public interest in questions touching the growth and power of trusts in this country is attested in the numerous articles now running in the popular magazines.

TO pass a law enlarging the powers of the Interstate Commerce Commission would be an easy matter provided the corporations are permitted to appoint the judges who will pass upon the rulings.

THERE is no danger of the president running amuck on the railroad question as long as he is provided with such excellent advisers as Knox, Burkett, Depew, Flint and Nixon.

THE president and the people want an extra session of congress in the event there is no railroad legislation enacted during the regular session. The corporations have decided otherwise. There will be no extra session.

RENO'S experience in providing protection for fire insurance companies without a corresponding decrease in the rate of insurance should be a strong argument for insurance by the state at actual cost.

THE financial editor of the New York Commercial is now running a serial entitled "The truth about Frensdal Finance." Most people will be of the opinion that Mr. Lawson is not in need of help in handling the subject.

REPUBLICANS are now excusing the vote on the Coryell resolution by stating that many of them were in doubt about a revision of the tariff clause in the resolution. The time to have made the objection was last Monday.

SUPPORTERS of Mr. Nixon were loud in their promises that in his speech of acceptance that gentleman would cover the subject matter of the Coryell resolution. Perhaps in expatiating on "the proudest moment in his life" Mr. Nixon unwittingly overlooked this trifling omission.

WHEN you receive an unsolicited package from Washington containing Reports of the Department of Agriculture for the years 1879-80, do not swell up over the thoughtfulness of your new senator, it is simply a sign that the government weighers are aboard the mail cars.

MR. ROOSEVELT AND MR. BRYAN

THE New York World believes it is not unlikely that Mr. Roosevelt will some day support Mr. Bryan for president, and gives as its reason for such a belief that Mr. Roosevelt and Mr. Bryan are certainly as close together today as are Mr. Roosevelt and Senator Aldrich. The senator is mentioned merely as a type of a certain large and influential class of Republicans who oppose any reduction in the tariff. The World thinks that if Mr. Bryan were to abandon completely some of his half-sur-rendered financial theories, and if Mr. Roosevelt were to readopt his own 1884 tariff theories, no really important differences would separate them. "President Roosevelt has many warm admirers and ardent supporters, and William Jennings Bryan seems by no means the least of them. In order to show how nearly the two great men are in accord concerning certain political policies, the following incidents and the beliefs of each are given herewith:

In his speech at the dinner of the Indianapolis Jackson club Mr. Bryan took occasion to commend the president's railway program. He said the Democrats would assist Mr. Roosevelt in the regulation of railway rates. While inclining toward federal ownership of trunk lines and state ownership of local lines, Mr. Bryan wishes a fair trial of government supervision and regulation.

At Memphis a few days before he declared that Democrats would support Mr. Roosevelt's corporation-curling policies, and ventured to predict that if Mr. Roosevelt carried out his program he would be regarded as the greatest president in the history of the United States.

Mr. Roosevelt believes in tariff revision. So does Mr. Bryan, although the latter would go further and remove the protective element from the tariff.

Mr. Roosevelt believes in the federal regulation of railroad rates. So does Mr. Bryan. The plank in the St.

Louis platform demanding enlarged powers for the Interstate Commerce Commission is said to have been framed by him.

Mr. Roosevelt believes in federal licenses for corporations engaged in interstate commerce. So does Mr. Bryan. He advocated it as long ago as 1900.

Mr. Bryan believes in ultimate ownership of public utilities. Mr. Roosevelt does not—yet. But Mr. Roosevelt is more nearly in accord with Mr. Bryan on all these questions than he is in accord with the Theodore Roosevelt of a few years ago. The Roosevelt of today must regard the Roosevelt of 1896 as little better than an unwitting tool of plutocracy.

Mr. Bryan still has a larger personal following, perhaps than any other Democrat now actively before the public. Mr. Roosevelt has a larger personal following than any other Republican of his generation. A political approachment, however incomplete, between two such men is of more than ordinary importance. Both are still young, both are still vigorous, both have political courage of a high order. Both seem destined to exert great influence upon public affairs for years to come, and both seem to be steering toward the same port, although by different routes.

IRRIGATION AND THE "BIG STICK"

ACCORDING to government statistics the close of the year 1902 saw the completion of 33,415 irrigation systems irrigating 9,500,000 acres of land. The Boston Herald has made some interesting comparisons. It finds that the irrigation enterprises cost \$93,320,452 and made 134,000 farms profitable. The money spent by Uncle Sam on his navy in 1904 would have paid the entire cost on all these irrigation systems; and left on hand a balance of \$9,500,000. According to the government statistics the amount spent on the navy would have irrigated and made profitable an area greater than the combined states of Maryland and Connecticut, or more than half the area of Indiana. Every dollar spent on irrigation has added to the material wealth of the nation. The money spent on the navy did not increase the general wealth of the country a penny. The farmer who is an advocate of the "big stick" policy, or is blinded by the "world power" glitter, should do a little more earnest thinking.—Commoner.

ENTERTAINS AT TOWEL SHOWER

Mrs. Maxon Gives Party in Honor of Engagement of Miss Sessions and A. M. Smith

Mrs. H. B. Maxson entertained sixteen young ladies yesterday afternoon at a towel shower in honor of Miss Ivan Sessions, who is soon to become the bride of A. M. Smith, a young Nevada mining engineer, at present superintending some large mines in Central America. The party was one of a series that will be given to the charming and popular young bride elect, and was a great social success in every way. The afternoon was spent in conversation and at a late hour of the afternoon a dainty lunch was served.

The room in the Maxson residence on Center Street were prettily decorated for the occasion, and little cupid and hearts took a prominent part in the decorations. The dining room was especially attractive and the hostess proved herself an artistic decorator as well as a charming entertainer.

Those present at the shower were: The Misses Dunaway, Novacovich, Patterson, Della Levy, Beatrice, Anna and Mable Sunderland, Webster, Bender, Dooten, Richardson, Boyd, Sessions, Campbell, Jesse Levy and Mrs. True.

The young lady in whose honor the party was given is one of the best known and most accomplished young ladies. She has resided in this city since her childhood and is a graduate of the Nevada State University. She is a member of the Delta Rho Sorority, and is one of the leading society ladies of the city, always taking an active part in all social affairs.

Miss Sessions has a host of friends, and Mr. Smith is to be congratulated upon winning such a lovable bride. Nearly everyone knows Tom Smith. Several years ago he came from Northern California to attend the University of Nevada. Those who watched him during the succeeding years know how by attention to his studies, good hard work and perseverance he worked his way through college and at the same time made a name for himself throughout Nevada. Even before he graduated, he held a position on the Journal staff, was Editor-in-Chief of the Student Record and Artemisia, and took a lively interest in athletics.

That he was made of the right stuff was rapidly demonstrated. He went to Dayton, took charge of a big mining property, and was elected Justice of the Peace. It required only a short time at Dayton for him to demonstrate his ability as a mining man, and a few years ago the call came for him to go to South Africa. Even in that high position it was possible for him to climb, and he is now holding a position with one of the richest companies in the Southern Republics. However, with his ability and his other good qualities combined, "Tom" is now assuming the most important undertaking of his career, but nevertheless one which his hundreds of friends in Reno know full well he will be able to carry out with credit to himself and honor to the charming young lady he will soon claim as his wife.

DEATH CALLS AGED, ITALIAN

LEO GARDELLA, AN OLD RESIDENT OF RENO, CROSSES THE DARK RIVER

Leo Gardella, one of the oldest Italian residents of the city, passed away at his home on Virginia street yesterday morning after a long illness, due to old age and general debility. He owned considerable property here and leaves three sons to mourn his death.

He was sixty-seven years of age and had resided in this city for thirty years. He worked on the Comstock for many years before coming here. He was a member of the Italian Benevolent society and that order will have charge of his funeral, which will take place at 2 o'clock Monday afternoon. The services will be held at Perkins & Oliver's undertaking parlors and interment will be in the Knights of Pythias cemetery.

I can cheerfully recommend it, and will add my name to your list of former sufferers." \$25, 50c and \$1.00.

JUDGE ACTS ON CIVIL MATTERS

Two Administrators Are Appointed and Several Cases Are Set for Trial

Judge Currier held a short session of the District Court yesterday morning and attended to several legal matters. A few estate matters were acted on, some demurrers were heard and several cases were set for trial.

In the matter of the estate of J. W. Simpson, deceased, John Read was appointed administrator of the estate.

Marcus Frederick, the well known attorney, was appointed administrator of the estate of S. H. Bemis, deceased. He furnished a bond of \$5,000.

In the matter of the estate of Daniel Regan, deceased, the petition of S. E. Reinhard for letters of administration, was continued until a further order of the court. Attorneys Pike and Jones appeared for the petitioner.

In the case of Schmitt vs. Lehrbus, et al, the plaintiff was given fifteen days in which to amend the complaint.

The case of Mayfield vs. the Farmers & Merchants National Bank was continued until February 4th. The cases of Brandon vs. West, Black vs. Finnegan were also continued until the 4th of next month.

In the case of Linville vs. A. Schell, et al, the demurrer was overruled and the defendant given ten days in which to answer.

Now Ready for Business

Having completed the erection of our plant for the treatment of both free milling and refractory ores by the Pohl-Tetrault system of milling; we desire to extend a cordial invitation to mining men, as well as to the public in general, to call and see the mill in operation. FOUR HEARTS MADE HAPPY

H. E. Marsh and Miss Dora Miller, Robert Belmain and Miss Garlick Married

H. E. Marsh, a well known young farmer of the Truckee Valley and Miss Dora Miller, a young lady of Reno, were married at the Marsh ranch west of Reno last evening at 8 o'clock. The wedding was quite large, a number of friends of both the contracting parties being present.

E. W. Chism and Miss Lizzie Murray, who are close friends of Mr. and Mrs. H. E. Marsh stood up with the young people and Rev. A. C. Welch officiated. At the close of the wedding a delightful wedding dinner was served.

BELMAIN-GARLICK

Robert Belmain and Miss Minnie Garlick, two young people of this city were married at the Ventura hotel last evening. The wedding was a quiet affair and only a few close friends were present. Herman J. Maltke and Margaret Laking stood up with the young people and Rev. Welch of the Methodist church officiated.

The newly married couple will remain in Reno for a few days and then leave for Hawthorne, where they will make their future home.

Improving His Office

Sheriff Ferrell spent yesterday afternoon rearranging his office. He also added some necessary articles of furniture and made the office much more attractive.

NOW READY FOR THE OPENING

Messrs. Herron and North Prepare to Entertain Friends Wednesday Night

Next Wednesday the Hotel Golden will be thrown open to the public. After several weeks of hard work and heavy expense, the proprietors, Messrs. Herron and North, now have everything in readiness for receiving their friends. A few details as yet have not been carried out, but it can be depended upon that the new hotel will be fitted right up to the moment next Wednesday.

The Hotel Golden is located upon Center Street, close to all trains, and in the very center of town. The proprietors intend to cater to first class trade only and the hotel is fitted with this end in view. The office furnishings were installed yesterday. This portion of the establishment in itself is an innovation. The Bradley type of furniture is used, the only change being in the fact that the chairs are upholstered with leather coverings.

The proprietors intend to hold open house Wednesday evening, and a special invitation will be sent to the ladies of Reno to attend and examine the house. Tea and a choice lunch will be served in the handsome new dining room. For the gentlemen, Mr. Herron says he will serve "nic nacs" for them on the lower floor.

QUALITY...

If there is one thing that you want when you go into a drug store it is quality. You want quality in drugs and chemicals; quality in all prescription work; quality in everything that has to do with medicine. Is it not so? Certainly, there can be no question about it. That is why our trade is so large. It is a recognized fact that our label on a bottle of medicine stamps it with quality, because it never goes out on a bottle or box of medicine that does not possess quality.

CITY WILL NOT REDUCE WAGES

Council Upholds Mr. Wilson and
Takes No Head of Motion
Made by Mr. Drappo

Councilman Wilson at the meeting last night brought out the fact that the employees of the city have been working nine hours a day in violation of the State law requiring all work done by cities, counties towns or the State be on an eight-hour basis. The Mayor and other members of the Council expressed the opinion that the law was being observed. However, an employee of the city happened to be present. He is a man with a family consisting of wife and five children. He stated that the men are working nine hours a day. This was done as a matter of information and not a protest, he took time to add.

This statement brought to light the fact that a motion was passed by the Council at one time making nine hours a day's work. When this was brought out Councilman Wilson immediately moved the repeal of the order and the carrying out of the intent of the eight-hour law. The motion was carried.

Immediately afterward Councilman Drappo moved that the wages of employees be cut to \$2 a day, for as he said, "eight hours' work don't amount to much."

Silence fell over the meeting until Mayor Turrittin came to the front and stated that \$2 a day is not enough for any man with a family and "I'd hate to be responsible for seeing the poor fellows and their families starve."

No one seconded Drappo's motion and when the feeling of the meeting was so forcibly expressed he did not urge carrying it to a vote.

Another interesting portion of the meeting was when Judge Cottrell on behalf of his client, Mr. Corsegilla, asked permission to move a building in the fire limits from one portion of a lot to another. After much argument, during which Judge Cottrell questioned the constitutionality of the law, the request was denied. It is not known whether Mr. Cottrell intends to appeal from the decision. It is understood that Mr. Corsegilla intends to erect a brick building on his lot and with this end in view planned to move the present wooden building to the rear of the lot. The Council in the past has refused to grant similar requests.

George Hazlett, who assisted in the capture of Negro Reeves last week, filed an application for a position on the police force. No action was taken. Several communications from bridge builders in California offering to figure on the proposed steel structure across the Truckee river on Virginia street, were also read but no action was taken. Mr. Ward, foreman of the Washoe Power & Development Company, asked permission to erect poles and wires along Fifth street and through certain alleys. The request was granted.

Chief of the fire department Webster recommended the installing of the proposed electric light on Riverside avenue at the intersection of Bell, Jones and Riverside avenue. The light will be erected at that point.

Mr. Webster also made some recommendations regarding increasing the size of the water main on Plaza and near by streets from two inches to four inches. This will mean the addition of two fire mains on Plaza street.

BIRTH OF THE MARTYRED PRES-
IDENT WILL BE CELEBRATED
IN FITTING WAY

NEW YORK, Jan. 29.—The Carnation League of America and the McKinley Memorial association are in receipt of advices indicating that there will be a wide observance throughout the country tomorrow of the birthday anniversary of President McKinley. The observances will embrace special services in churches of many denominations and memorial exercises under the auspices of various patriotic and religious societies.

CANTON, O., Jan. 28.—From Washington, Chicago, Cleveland and other cities floral offerings have been received to be placed tomorrow at the tomb of President McKinley.

Canton people are preparing for a general observance of the day. Memorial services will be held in the local churches and at the tomb there will be services under the auspices of the Grand Army of the Republic and kindred organizations. On Monday the anniversary will be marked by a great banquet here at which addresses will be delivered by eminent public men who were intimately associated with the public career of the martyred President.

BOOM IN SIGHT FOR PEAVINE

James Butler, Father of Tonopah,
Interested in Mining District
Near Reno

A mining boom is due at Peavine, four and one-half miles from Reno. This district has been much exploited in the past. Companies have gone there and invested money in years gone by but for some reason the mines turned out losing propositions or for other causes shut down.

For the past several months, however, a band of experienced and stubborn prospectors have been at work in the district, with results that have interested some of the most prominent mining men in the country and indications are that before many months pass the entire mountain and surrounding country will be dotted with mines and prospects, for rock has been uncovered in almost every section of the district that assays all the way from four dollars per ton to as high as \$30 per ton. This in itself would not be so surprising were it not for the fact that this ore is being taken from big ledges, is free milling, and within a short distance of timber and an abundance of water power.

James Butler, father of Tonopah, is interested in the new find. Together with R. W. Parry, who is one of the heaviest owners of the Pyramid mines, Mr. Butler will leave for the Peavine District this morning. He will carefully examine the district, and if it comes up to his expectations, he will invest there.

William H. Daly, Snapper Garrison, Paul Mass and others are interested in one of the most promising properties in the new district. Their claims adjoin the Elwood, which at this time is producing pay ore. Messrs. Daly and Garrison have discovered an immense ledge of ore. It assays as high as \$30 per ton. Charles Sadler, proprietor of the Overland Hotel, is also interested in the new district.

Bargains for Women

Reno women never before had such an opportunity to buy special values in suits, coats, separate skirts, waists, etc., such as can be had at Fraley's. The new spring goods are arriving daily. Don't lose the opportunity of seeing them.

President to Go A-Visiting

WASHINGTON, D. C., Jan. 28.—President Roosevelt kept his secretaries and assistants busy today cleaning up all business of a routine character preparatory to an absence of several days from the White House.

Tonight the President is expected to attend the Grunion club dinner, and tomorrow being Sunday there will naturally be no business transacted. Monday morning the President will make his trip to Annapolis to attend the graduation exercises of the naval academy. From Annapolis a trip will be made to Philadelphia, where Mr. Roosevelt will attend a dinner of the Union League and also deliver an address at the semi-centennial celebration of the Philadelphia Y. A BAD NEGRO GOES TO JAIL

The Grand Jury Will Decide Later
Whether he Will be Tried for
Robbery or Set Free

Ed. Harrison was arraigned yesterday in Judge Pollock's court, charged with robbing Thomas Bragg of \$2. The robbery was committed in a box car between Reno and Sparks about 2 o'clock Thursday afternoon. The complaint was not sworn to until Friday and the criminal could not be located until Friday night. At about 11 o'clock Friday night Constable Pollock learned that man wanted was in Truckee. Accordingly he left on No. 3 that night and found the man, who is a negro, with little difficulty. The negro made no resistance and Constable Pollock brought him to Sparks where the papers charging him with robbery were served on him.

The preliminary hearing was held yesterday afternoon in the Justice Court.

The prosecuting witness identified the prisoner and testified that he had threatened to beat his brains out if he did not give him money to buy something to eat, and went through his pockets, relieving him of \$2.

The defendant testified that he had never seen Bragg before and claimed that he was innocent of the crime. Judge Pollock bound him over to await the action of the Grand Jury, fixing bail at \$1,000. Harrison was unable to furnish bail, so was taken to Reno by Constable Pollock and given into the custody of the Sheriff.

NECTAR for the gods was never sipped with such gusto as the epicure feels when a glass of our delicious, sparkling and highly invigorating beer tickles past his fastidious palate. When run down in health, or when you have that "all gone" feeling, try a bottle of our beer. You will think it is the long sought for fountain of youth and renewed vigor.

FREE LECTURE TUESDAY NIGHT

BICKNELL YOUNG, THE LEADING
LIGHT OF CHRISTIAN SCIENCE
TO SPEAK IN RENO

The people of Reno will be given an
opportunity to learn much about the
doctrine of Christian Science next
Tuesday evening. Bicknell Young,
C. S. B., one of the best informed men
in the country on the doctrine of
Christian Science will speak at In-
vestment hall on that evening. Be-
lievers in Christian Science are dif-
ferent from those of other faiths in
that they do not solicit members. Mr.
Young next Tuesday evening will
explain many points of his faith, leav-
ing his hearers to draw their own con-
clusions.

In the past few years Christian
Science has made wonderful strides
until now it is one of the foremost
faiths. No charge will be made to
the lecture, neither will a collection be
taken. Everyone is invited.

Special Costumes Not Necessary to Attend Thimble Bee Ad Social Tuesday

It is learned that the members of the Thimble Bee society of the Rathbone Sisters will not make it compulsory for those who attend their ad social next Tuesday evening to wear costumes representing some live advertisement. However, many of the members as well as others who are going, have arranged for appropriate costumes for the occasion and a novel as well as an enjoyable time seems assured.

"Now, just because you thought you would be required to wear an advertisement costume, don't think that you won't have time to go," said one of the members yesterday.

"The fact is we want all Knights of Pythias, Rathbone Sisters and their wives, sweethearts or husbands to be present and help us have a good time. The Rathbone Sisters and Knights of Pythias of Sparks are also invited to attend. There will be no fine attached to overlooking an advertisement costume, but of course we want every one who can do so to come."

The admission will be fifty cents alike for ladies and gentlemen.

'SHORE ACRES' MAKES GOOD

Large and Appreciative Audience Well Pleased With a Play That Won't Grow Old

To the neighbors on the south Reno can well recommend "Shore Acres." There was a large crowd at McKisick's opera house last evening, but it was not half as large as the play deserved. Every one in the crowd acted his or her part in a manner that made it seem like a scene from real life instead of a mimic stage production. "Shore Acres" is an old play and it is true. It tells a homely story, but the story is so true to the life it paints that no one who sees it can help but be moved first to laughter, then to sympathy and to tears, and finally back to laughter.

It's a good play, as has already been said. Manager Piper is to be congratulated on getting such high class attractions. "Shore Acres" as presented by the company last evening is entitled to the confidence of the theatre goers of Carson and Virginia.

Will Open Millinery Parlors
Mrs. V. J. Hostetter has gone to San Francisco and will return shortly with a full line of spring and summer millinery, announcement of which will be made in the daily papers.

FRESHMEN WIN FIRST LAURELS

SPECIALS LOSE INITIAL CONTEST OF COLLEGE BALL TOURNAMENT

The Freshmen of the University of Nevada defeated the Specials of the same institution in a slow and uninteresting game of base ball yesterday afternoon by a score of 36 to 8. The large score also shows that there were a great many errors made, but for the most part the poor playing was done by the Specials, who went down in utter defeat before the older players.

Both teams had practiced hard for the contest and every one had expected to see an interesting battle, but for some unknown reason the Special team fell down and a large score was run up by the opposing nine. There were several spectacular plays during the game and several players brought credit upon themselves, but judging from the game yesterday neither of the teams will have a chance to play in the final game for the championship of the college. The Specials are now out of the fight, and unless the Freshmen do some hard practicing during the next week, they will go down to defeat before the Sophomores.

Left for California.
Mrs. B. F. Leete, one of Nevada's pioneer women, left Friday evening for San Francisco. Mrs. Leete has been in poor health for some time and her trip to California is in the hope of finding relief.

I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons suffering a medicine for throat or lung trouble." 28c, 50c and \$1.00.

SURVEYING

PETTY THIEF IS ARRESTED

TAKEN INTO CUSTODY WHILE IN ACT OF SELLING STOLEN WHEEL

J. Jeffries, alias Victor Williams, was arrested by Officers Elder and Cadle last night for stealing a buggy robe belonging to Van Meter and a bicycle, which is the property of a man named Sellman. The fellow was first suspected of stealing the robe, but he denied his guilt and the officers let him go. Later while the officers were standing in a bicycle shop looking for the stolen wheel the fellow showed up with it. He was then arrested on both charges and the officers succeeded in making him tell where he had pawned the robe.

He will be taken before Judge Richardson tomorrow to plead to the charge of petty larceny. Jeffries is well known to the police and has served several terms in the city jail.

New Orchestra
Merrill & Blair have organized an orchestra. The orchestra is composed of eleven pieces. The members are among the best known musicians of Reno. Concerts are planned for the near future. The orchestra will make a specialty of playing for parties and dances.
